Functions

Comfort

and spacer fabric allows for greater breathability.

The perforated seat cover The flip back design reduces For padded comfort specify pressure points on the backrest. the optional backrest pad.

casters or soft casters, with or without brakes for durable mobility.

The high tensile steel frame is robust and light.

Compact (Nesting Chair)

Safety (Nesting Chair)

The seat damper moves

slowly, avoiding unwanted

noise and the risk of

trapping fingers.

Space efficiency is achieved at nesting pitch of 125mm (5 inch).

Nesting pitch is 150mm (6 inch) with foldaway A3 tablet.

Even with armrest, 3 chairs can be used (as shown) with the standard size 1,800mm (70 7/8 inch) sidefold table.

Safety (High Chair)

Framework support is set back beneath the seat to reduce risk of trapping fingers.

chair allows for greater stability while sitting and when you get on and off.

Ecology

Recycled materials

are used insteel and resin parts.

GREENGUARD

27% of the product weight. Recyclability

These materials make up about

With easy disassembly and recycling always in mind, Okamura products are designed so materials can be thoroughly separated into discrete material groups.
