GROUP INTRODUCTION

Kano Group Co., Ltd., is a Sino-foreign joint venture, and a national high-tech enterprise dedicated to furniture manufacturing and plate pressing. Kano is a member of the Lianjie Group. Presently, Kano Group has three business segments and four major brands, namely the office furniture brand Kano and the plate pressing brand Furen, Rerge and the home furniture brand Abito.

Quality Control

Environmental Protection

Ergonomics

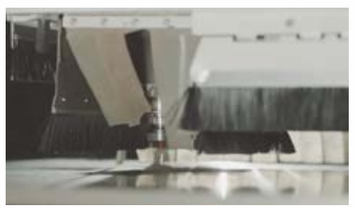
Headquarters

Kano, a fashion and new brand with international view, focuses on R&D, production, sales and services of office furniture. Kano concentrates on providing professional total solution of office space for clients.

Production System

Kano's sophisticated automatic machinery are mainly imported from Germany, Italy, and Switzerland.
"6S Standard" is strictly implemented for a clean and organized working environment.

Digital Cutting



CNC Punching

Sofa Stitching

Warehouse System

Kano strictly implements the lean management system, huge storage with professional loading and transportation system to ensure production delivery to all parts of the country safely within three days.

Anji Smart Industrial Park

Anji Smart Industrial Park is located in Anji, Zhejiang. It is the first ecological county in China, with a total building area of more than 200,000 square meters. It is a fully automatic high-tech industrial park integrating R & D, communication, display and training.

Melamine Production Base

The plate pressing factory of the Kano Group is a powerful advantage for the supply of front-end panels and independent development. It provides a good development premise for the production of furniture and space customization, and resource sharing.

Production System

The plate pressing 4.0 standard manufacture fully implements automatic production. We emphasize "design leads manufacturing", and produce high-quality and unique products.

Infrared Positioning

Dust-free Constant Temperature

Automatic Distribution Line

Using European good design and technology, we develop high-precision synchronous wood grain effect plates. At the same time, aiming at the real needs of the domestic market, we develop differentiated veneer products.

High fidelity to true wood grain

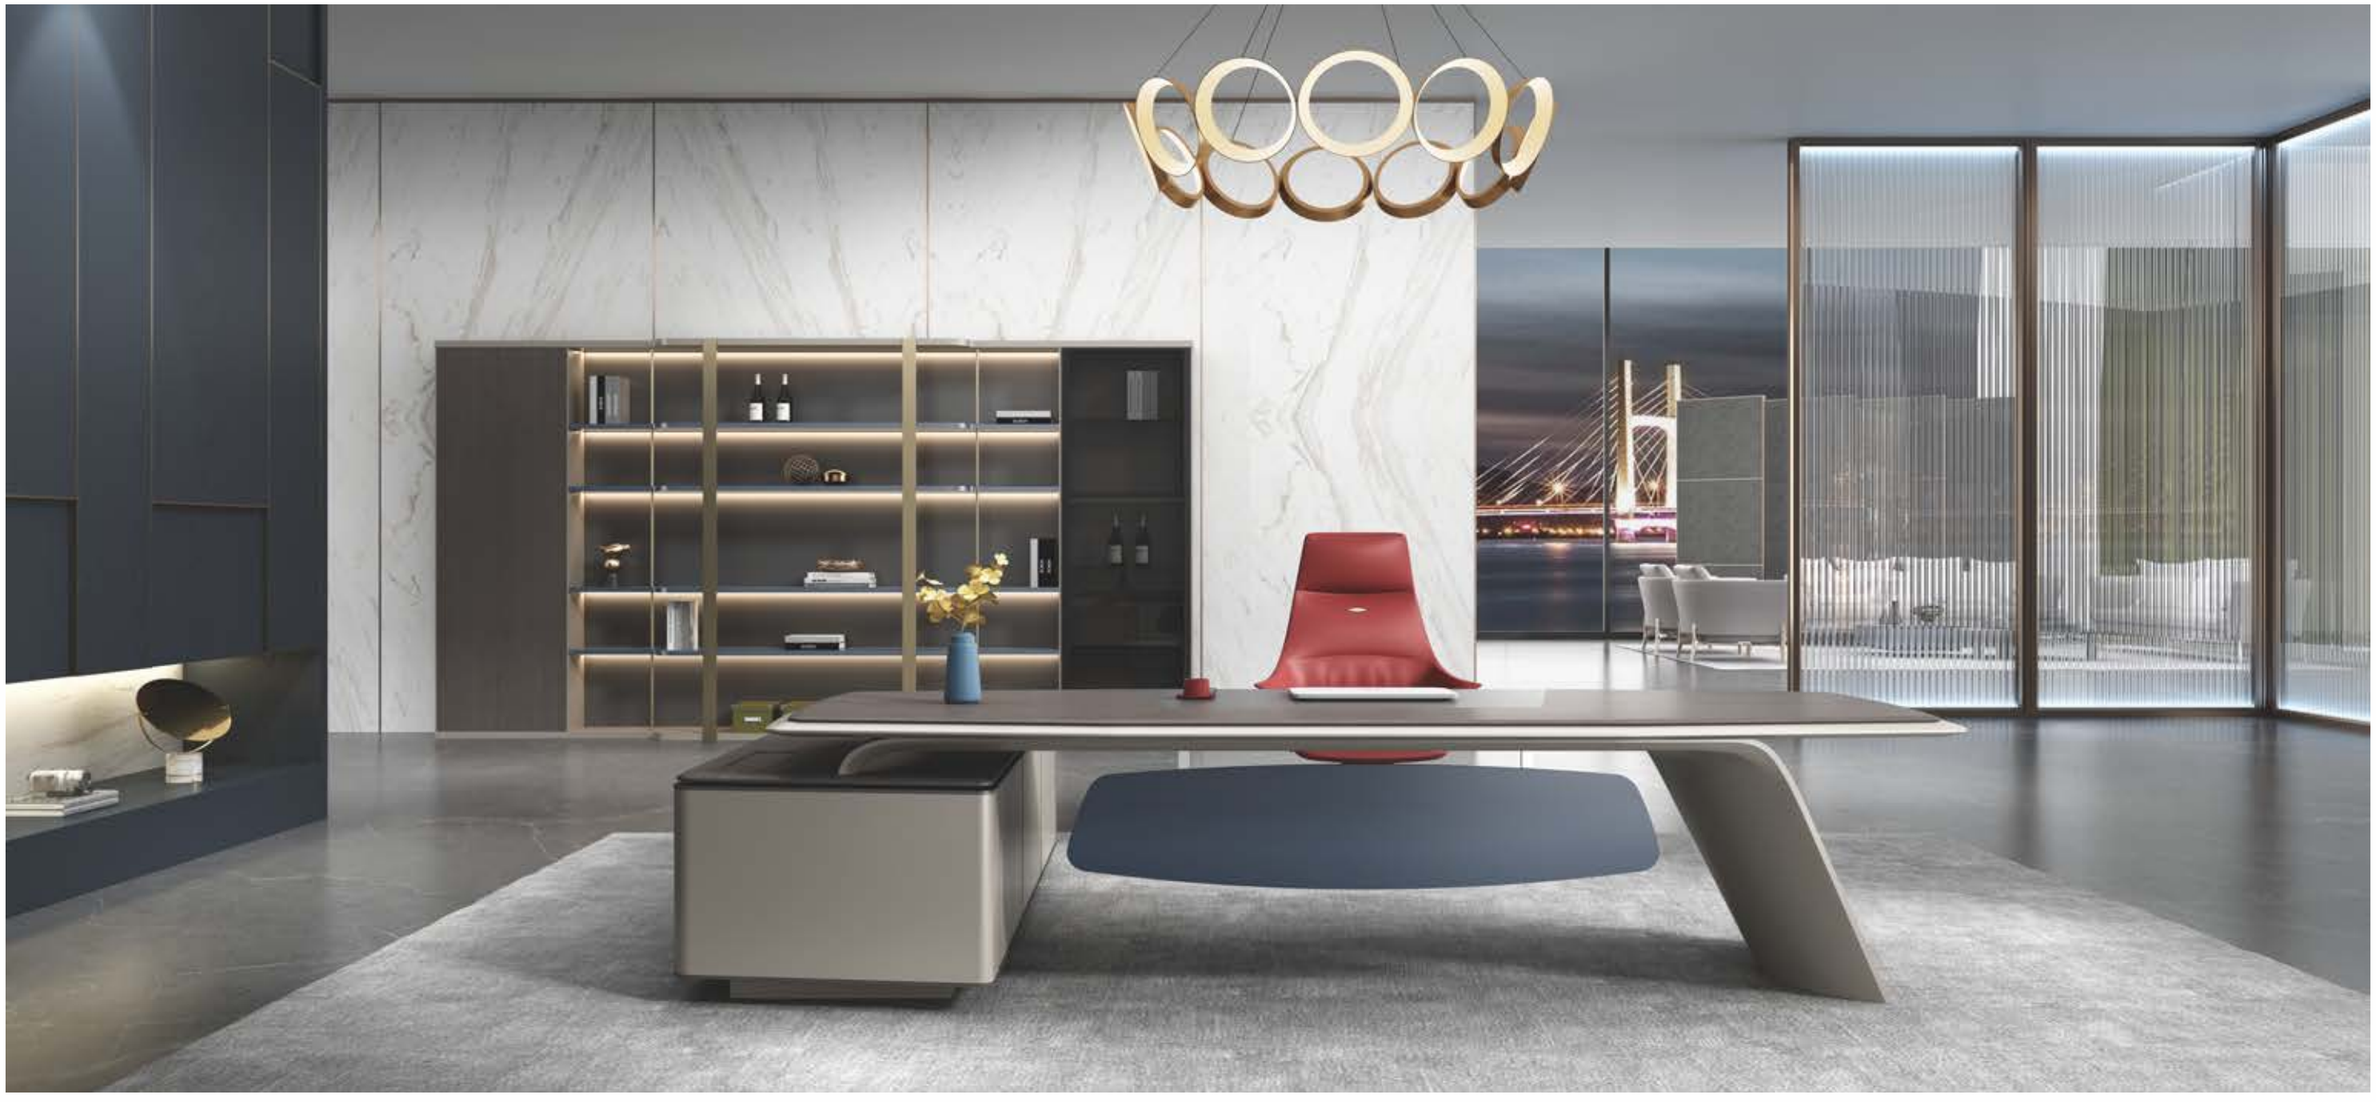
Gramy



The overall design is inspired by the **design elements** and lines of the luxury car **ES8 series of NIO**.

Which breaks the traditional style of this industry **platform and introduces** the **popular concept of Internet vehicle**.

It concludes the idea of youth and vitality, new fashion and nobility. The overall line is smooth and generous with the **temperament of stable and wise**.

Graceful lines, prudent style, wise but passionate style.
Its appearance is **full of post modern aesthetic**, and the sense of times.

Soft and firm combined style catches you when you see it from a distance, and totally enchanted when you **touch and feel it**.

Always embody the extraordinary ambitions in the strategic planning with an atmosphere to win thousands of miles away. Let your passion even more magnificent with your **wisdom and generosity**.

Gaddi

The design inspiration of the Gaddi series comes from the curve shape of the **rear of the car**.

Gaddi integrates the shape of the car into the product design, and highlights the tension of the **foot shape**.

The overall line is **smooth and generous**, and exquisite temperament is exuded in the stability, full of a strong sense of technology and the **modern sense of the times**.

The round and thin edge design gives the tabletop a very simple but **strong visual structure**.

All the **designs can be visually beautified** on the basis of required functions and meanwhile it activates all the **entrepreneurial enthusiasm**.

The far view has **charmed you already**, and the temptation of **close touching is irresistible**. All these make the **conference not dull at all**.

Black Lacquer Finish

Gerry

The design of Gerry series products inspired by the outlook **characteristics of Lamborghini**.

Multi-section tabletop shape, dark metal decoration, and fashion design show your **extraordinary taste**.

A sense of **composure in the lightness and thinness** of this system is presented exampling Lamborghini's generally **quality and fashion style**.

The whole shape adopts the form of diamond cutting **shape surface**.

With a few lines of **metal decoration** and **irregular cutting** of the tabletop create a flexible shape, and an **elegant appearance**.

The square and **steady modeling and metal trimming** are combined. The design of **foot is full of the external tension**, which is also a new **challenge in the structure**.

Mosky

The integration of modern materials such as glass and metal grain breaks the **convention patterns of the space**.

The smooth cladding process highlights the efficiency of the office, and the custom **aluminum lines outline its handsome**.

The post-modern eclectic style allows the office to take the natural form of deep teak wood out of nature. **Every angle of Mosky is a landscape**.

Creating a harmonious atmosphere for meetings is essential for **modern office space**.

The shape of the table top is uniformed as that of the work table. The lower legs adopt the form of external folding feet, decorated by **aluminum alloy edges**.

A meeting means a beginning of a challenge. A challenge **always requires a good environment**. So that a good meeting space is able to provide you with confidence to meet the **creative challenges again and again in work**.

Wieno

PRESENT THE BEST DESIGN

Modern is for the external appearance
and comfortable is for the internal use and function.
In coexistence with beauty,
pragmatism is applied in Wieno office space.
Simple design, extraordinary definition.
Let office becomes a pleasure.

Noqi

STRICT WIRE MANAGEMENT

Scientific wire system method helps
to organize complicated cable systems,
and the unique cable clamp design is in line with the track.
At the same time,
Noqi optimizes the separation of strong and weak electricity,
so that the office is much safer.

Norkim series are rich in combination that can meet the needs of **different office groups**.

With the appearance of **elegant lines and exquisite design**, it can **effectively adapt** to any office environment.

Combining aesthetic and practical features, it offers a sophisticated and fresh solution no matter **whatever your needs are**.
