About Deck

Deck Blinds is a leading Indian Window Blinds company and was founded by Mr Amit Gupta in 1993. Since then the company has expanded to the manufacturing of a wide variety of window blinds. It specializes in the production of custom made high-quality blinds. The company offers a wide range of blinds with over 2000 shades in all the varieties. All the blinds are manufactured at our modern production facility in Haryana, India, of over 25,000 square feet enabling the production of 90,000 square meters of window blind annually. The production involves the use of high tech automated machines for cutting fabric and subsequent assembling of the product. We also continuously aim to introduce new generation products and maintain our quality standards which have helped us in retaining our position in the market for the last 25 years. Finally, our products can be found in other parts of the country as we possess a strong distribution network comprising of over 1200 dealers spread across India.

Deck is a 25-year-old company with abundant experience in the window blind industry. Our team comprises of committed and efficient workforce who are dedicated to providing maximum satisfaction to their client in terms of product quality and after-sales service. All our products go through numerous quality checks before reaching the final customer. Further, our products are perfect for the 'Green Building' concept gaining popularity nowadays as our fabrics come with various certifications such as Greengaurd, Microban, Flame retardant, etc. Ultimately, we are able to offer high-quality products at an affordable price due to economies of scale which provides Deck with a competitive edge in the market.
